

Internship Application Summer 2008

NEW YORK STATE
DEMOCRATIC COMMITTEE

Thanks for your interest in an internship with the NYDems, the Democratic Party of New York State! 2008 is an important year, and we have a lot of hard work ahead of us. We need **smart, flexible, creative interns, ready to take on serious responsibility** in areas like: *Politics, Finance, Communications, and Online Strategy*. Major projects this year include *State Senate and Congressional campaigns around the state, planning for the Democratic National Convention in August, and maintaining an active and dynamic Democratic party in New York*. **Applicants should be ready to roll up their sleeves and get to work.** While we are unable to pay our interns, we are happy to work with your school to facilitate any credit available to you.

If you are interested in spending your summer working with us, please (1) complete this form, and attach a (2) resume, and (3) short letter explaining why you would be an asset to our team (high school students may submit a writing sample in lieu of a resume).

Applications are due April 20. All applicants will receive e-mail confirmation that their material was received. Interns will be offered positions on or around May 7.
